

## **Function:**

The Architecture Committee is an administrative arm of the BOD designated to review Lease Holder requests to add or modify improvements on their lots. The Committee will help Lease Holders comply with Park Architectural and Pinal County Rules. Park Permits will be issued and need to accompany any required County permit applications. The Committee also performs a final inspection of each completed project.

The Committee performs Lease Transfer Lot Inspections which are required by the BOD and must be accomplished prior to the final transfer of a lease.

The Committee performs lot inspections prior to placing a park model on a lot.
